

# GripTech Gloves

Specially designed for safety and ease of use

We Have a Glove to Fit Your Specific Needs!

**Kevlar  
Cut Resistant**

**High-Viz  
Nitrile**

**General Use  
Nitrile**

**14 Inch  
High-Viz Nitrile**

UniTech's GripTech gloves are ready for tough work, easy wearing, and long-lasting convenience. Comfortable polyester and extra-tough Kevlar versions let you choose the protection you need for any job. Key features of all GripTech gloves include:

- Color-coded bands by size for easy identification
- Ergonomic curved design minimizes hand fatigue for comfortable extended wear
- Gloves are marked and color-coded "left" and "right" to facilitate sorting
- 14 inch extended cuff model available to improve seal and minimize the need to tape
- Breathable knit back helps keep hands cool
- Water resistant dipped palm

Replace your current work gloves with long-lasting GripTech!

All GripTech gloves are launderable and reusable, which makes them extremely cost efficient.

## Latex Dipped Kevlar Gloves

GLOVE-90B-YW

EN388 Testing	Performance Level
Abraison Resistance	3
Blade Cut Resistance	3
Tear Resistance	4
Puncture Resistance	4

Our Kevlar gloves are highly puncture and cut resistant with a water resistant latex dipped palm. GripTech KV gloves are comfortable, breathable, and ergonomic, with excellent gripping ability.

## Nitrile Dipped Polyester Gloves

EN388 Testing	Performance Level
Abraison Resistance	4
Blade Cut Resistance	1
Tear Resistance	2
Puncture Resistance	1

Nitrile dipped palm is naturally resistant to oils and solvents while maintaining elasticity. GripTech CR gloves are comfortable, ergonomic, and provide excellent gripping ability. This glove also provides increased tactile sensitivity due to its thin polyester body.

Size	Medium (9)	Large (10)	XLarge (11)	2XL (12)
Color	Yellow	Orange	Red	Blue
