

**Nuclear Protective Garments...
Without the Capital Expense!**

ONE PROGRAM

**One item
One price
One washing
No radwaste
No hassle
No hidden costs**

UniTech now provides an exciting program to assure that your workers can enjoy the superior protection of our ProTech coveralls and comprehensive launderable apparel system – and that you avoid both the capital expense of buying and the commitments of leasing.

**Better protection and lower cost than
depending on single-use apparel**

**Pay ONLY
for what
you use**

The One Program works like this:

- We work with you to calculate the number of coveralls and accessories you need each day during your outage
- We provide MORE THAN ENOUGH coveralls and accessories to meet your needs between deliveries – no worries about running out
- We pick up used coveralls and accessories and deliver new supplies as needed
- You pay ONLY a cost-per-use charge for the items processed
- This cost includes everything: coverall and accessory use, laundering, transportation, radwaste disposal... all rolled into the economical ONE PROGRAM cost

Plus:

You enjoy all the following as part of your efficient ColorSized One Program:

- ProTech Plus coveralls
- ProTech Plus hoods
- Rubber shoes and gloves
- Nylon booties

Plus:

At NO CHARGE, a Mobile Safety Store trailer packed with 2,000 extra clothing sets (As an added advantage, the trailer can have consumable safety supplies for just-in-time customer access)

Access to our UniWear line of single-use coveralls and accessories, which are ideal as sacrificial outer garments in high-contamination areas

ColorSized program speeds up dress-outs.
