

Respirator Equipment Services

**Professional Respirator Inspection,
Maintenance and Repair**

**Direct Sale
and Rental!**

UniTech Services Group offers an excellent choice for organizations seeking reliable, efficient and cost-effective off-site respiratory equipment services. With over 50 years in PPE services to industry, we have substantial experience in supporting our customers in respiratory program compliance. From equipment pickup to delivery, only UniTech can offer the following:

- **Regional processing center**
- **NRC licensed for nuclear materials**
- **Dedicated truck fleet for pickup/delivery**
- **ISO 9001&14001 compliant operations**
- **Trained and certified staff**
- **High volume process capability**
- **Extensive lease & sales inventory**
- **Complete inspection/test capability**
- **Full inventory of repair parts**

UniTech has the ability to decontaminate, inspect, repair, and recertify launderable Tritium Suits as well as air harnesses used for single use suits.

State of the Art Facilities

UniTech has eleven licensed processing locations worldwide. We are heavily invested in sophisticated equipment and systems that offer our customers reliable, high quality process services.

In addition, we offer a wide range of respiratory equipment for direct sale and rental.

ISO-Compliant Procedures

UniTech employs stringent procedures to process customer items to address their particular requirements. From equipment settings to test parameters to packaging, all process steps are quality assured.

Proper servicing of respiratory equipment is essential to maintain proper operation and service life.

Our microprocessor controlled drying cabinets assure uniform temperatures within OEM-specified heat thresholds.

Packaging, Shipping and Logistics

UniTech completes processing quickly thanks to our regional facilities and broad geographic coverage. Once cleaning, inspection and testing are complete, we professionally package respiratory equipment and expedite it back to the customer with our own fleet of trucks.

For customers who utilize our garment laundering services, respirator pickup and delivery can be included with other items. Speed and economy work together with UniTech.
