CDC Handwashing Guidelines

Follow these five steps every time:

WET Wet your hands with clean, running water (warm or cold), and apply soap.

LATHER Lather your hands by rubbing them together with the soap. Lather the backs of your hands, between your fingers, and under your nails.

SCRUB Scrub your hands for at least 20 seconds. Need a timer? Hum the "Happy Birthday" song twice.

RINSE Rinse your hands well under clean, running water.

Dry your hands using a clean towel or air dry them.

DRY

Illness Prevention Signs

Signs

Post signs in key locations around your facility identifying the importance of, and best tips for hand washing, as well as other safeguards for preventing illness in the workplace.
